IEEE Xplore Abstract (Keywords) - Ultra- low- -
quality technical literature in engineering and technology. integrated circuits; wireless sensor networks; ultra low power design; wireless sensor

Ultra-low power wireless technologies for sensor -
Genre/Form: Electronic books: Additional Physical Format: Print version: Otis, Brian. Ultra-low power wireless technologies for sensor networks. New York ; London

Ultra- low power radios: key enablers in wireless -
the development of ultra-low power radio technologies is a key Such power reduction is key to accelerate the deployment of low power wireless sensor

Biography of Dr. Brian Otis | diaTribe -
Dr. Brian Otis is the project lead Ultra Low Power Wireless Technologies for Sensor Networks (2007) and Ultra Low Power Integrated Circuit Design for

Brian Otis Books - List of books by Brian Otis -
